

## Presenter

Our 4<sup>th</sup> Seminar will be delivered by **Aneeta Williams**, an international consultant in Safeguarding, Gender and Programme Quality. With 25 years' experience working in law and international development and humanitarian sectors, Aneeta has expertise in advising and supporting international actors in organisational policy development, implementation, investigations, accountability, evaluating and learning for continual improvement in order to ensure the safety of those we serve as well as staff.

Aneeta has worked or consulted for a range of organisations such as Tearfund, WorldVision, Christian Aid, IPPF, War Child UK, BOND, FCO, DFID and SDD. Aneeta runs Bridging Worlds Consulting working through a multi-disciplinary to ensure the best outcomes for children, women and all those affected by international development.

## 12.00 – 12.30pm: Lunch

## 12.30 – 2.00: Presentation and Facilitated Discussion

What does it mean to improve on the quality and practice of Safeguarding in the international sector? This session will cover not just the requirements imposed by donors but think about how INGOs can think about safeguarding as part of their accountability and learning mechanisms to keep themselves and those we serve safe. The facilitated discussion is an opportunity for INGOs to share reflect on current practice, challenges and ways forward to overcome these, such as leadership, accountability, policy and practice, including working with and through partners.
